AUTHORIZATION FOR THE BOARD TO RESOLVE UPON NEW ISSUES OF SHARES AND/OR CONVERTIBLES

In accordance with the proposal of the Board, the AGM resolved to authorize the Board to resolve, on one or several occasions before the next AGM, on an issue of shares and/or convertible bonds. Such issue may entail a deviation from the shareholders' preferential right to subscribe for new shares and/or convertible bonds and also entail that payment of the new shares and/or convertible bonds may be made in cash or by consideration in kind or by right of set-off. The number of shares and/or convertible bonds to be issued by virtue of the authorization shall not exceed 10% of the registered share capital (as per the date of the

The issue price shall be determined in accordance with market practice. The purpose of the authorization and the reason for the deviation from the shareholders' preferential right is to enable the company, by way of issues of new shares/convertible bonds for payment in cash, in kind or through set-off, to strengthen the company's capital base in connection with company acquisitions or strategic capital or other investments, and to obtain capital contributions from new owners that are considered strategically important from an operational, financial, structural or other perspective.

The subscription price per share shall correspond to 150% of the volume weighted average price according to Nasdaq Stockholm's official price list for share in the company during the period from 16 May 2019 up to and including 29 May 2019.
